

# Tennis Club (8 Sessions)

The Marist Tennis Club, under the coordination of Mrs. Yoon and Ms. Takagi, and in collaboration with Coach Kawaguchi, a representative tennis player from Hyogo prefecture, presents an exciting opportunity for our Marist students. This club aims to enhance students' physical strength, agility, and flexibility while fostering new friendships across different grades. Engaging in outdoor tennis with friends not only aids in stress reduction but also offers an avenue for enjoyment and laughter. These factors collectively contribute to promoting a healthier lifestyle for students and enhancing their academic performances.

No prior experience is necessary; if your child possess enthusiasm for learning and a willingness to explore, we wholeheartedly invite your child to join! Throughout the sessions, we'll engage in activities such as running, swinging, reaching, jumping, and sharing laughter. The Marist Tennis Club warmly welcomes students from Grades 1 to 6 to be part of this enriching experience. After school, students take train from Suma station to Shioya station with Mrs. Yoon and Ms. Takagi, then they walk to Shioya Country Club. This is the [route](#) students take. Parents can also take their child directly to Shioya Country Club. After the session, parents can pick up their child at 5:15pm or students can ride a train back home. We look forward to making fantastic memories together! Please note that students will need to bring their own tennis racket in order to participate in tennis club. Here is a [short video](#) you can watch.
