

After-School Cooking Club for Upper School Students

Join us for a culinary journey in our Cooking Club, tailored for students in grades 6 to 10! Whether you're a beginner or have some kitchen experience, all levels are welcome to join and discover the joy of cooking. Each week, we'll embark on a new culinary adventure, mastering the skills to create a variety of tasty dishes and delightful treats. And the fun doesn't end in the kitchen—after preparing your culinary masterpieces, you'll have the chance to take them home and share the flavors with your family. Imagine the pride of presenting your homemade creations at the dinner table! Whether you're looking to expand your cooking skills or simply enjoy the process of making great food, the Cooking Club is the place to be. Get ready to slice, dice, and sauté your way to becoming a confident young chef!

MBIS Rock Band

Are you ready to rock? The MBIS Rock Band is all about forming bands, jamming out, and playing the songs you love. While we can't provide music lessons, we welcome students who have a fundamental ability on their instrument and are excited to collaborate, create, and perform with others. Whether you're into classic rock, punk rock, indie vibes, or the latest hits, come join us and make some noise! We meet in the music room on Mondays from 3:30-5:00.

To ensure everyone gets plenty of playing time and avoids sitting around, we'll be splitting into two groups this year. Each group will practice every other Monday, so one group will take one Monday and the other group the next. This way, everyone can stay active and fully engaged in making music!

Sign Up - returning rock band students are given priority in the sign up process. For new sign ups, Mr. Whitney reserves the right to select incoming rock band members based on their musical ability and/attitude.

Magic the Maristing

Magic the Maristing-Gaming Club is a welcoming entry to the fantastical dueling world of monsters, spells, and strategy. The card game Magic the Gathering is now over 30 years strong and serves as a great stimulus for critical thinking and the imagination. The game relies on and builds students skills in language and math, strategy and planning, and social skills through collaboration and interaction. This club will introduce the game, rules and mechanics as well as specific formats, and is a great entry point for those new to the game, and just as welcoming to those already familiar with it.

All materials are included in the enrollment cost, including brand new packs of cards. Outside cards are not permitted in the club and should not be brought to school. This way all members have equal access to the same amount of cards (included in the fee) and build their own club collection. Cards will also stay at school with the advisors until the last day of club when they can be taken home.

*Gameplay does include themes of magic and monsters, and families should understand and look into the game and imagery before agreeing to enroll a student in the club.
